White Oak Lavender Farm & Vineyard

White Oak Lavender Farm is owned by the Haushalter family in Harrisonburg, Virginia. This is in the beautiful Shenandoah Valley near Massanutten Resort. They grow lavender plants and grape vines in many interesting varieties. They harvest their lavender plants in the summer to dry the flowers for buds and to extract the essential oil and hydrosol or floral water through steam distillation. They harvest their grapes in the Fall to make 15 delicious wines. In addition, they are a licensed farm brewery.

The farm has been open to the public since 2008 and has grown into a popular year-round agritourism venue. They offer a wine tasting experience, tours, lectures, classes, our discovery area and a lovely lavender gift shop.

Featured for June:

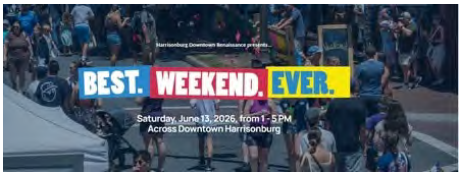
Lavender Wand Making

Enjoy this colonel craft. Taking a moment to create a lavender wand allows your mind, body & soul to get lost in a moment of relaxation while enjoying the aroma as you tenderly weave the ribbon around the stalks of lavender.

Lavender Wreath Making

Enjoy learning how to make a beautiful long stem lavender wreath. All instructions and materials are provided! You may also choose to relax with a glass of wine while you make your wreath!

Tickets Available online at *whiteoaklavender.com*



Best. Weekend. Ever.

Saturday, June 13th
Downtown Harrisonburg

Harrisonburg Downtown Renaissance is bringing back its summer festival on Saturday, June 13, 2026, all across Downtown Harrisonburg. This will have a variety of activities and entertainment spread throughout the district for all ages. There will be live music, magicians, community art projects, arts and crafts activities, food specials at restaurants, food trucks, vendors, Sip & Stroll, and more!

Harmony Harvest Farm

201 Little Run Road, Weyers Cave

Enjoy a unique, hands-on experience with a guided flower tour at Harmony Harvest Farm. Guests will explore the fields alongside a knowledgeable farmer, learn about seasonal crops, and discover the art of harvesting flowers. Each participant will receive a harvest cup and snips, leaving with a beautiful, farm-fresh bouquet and a deeper appreciation for locally grown blooms. Perfect for flower lovers, gardeners, creatives, or anyone looking to unwind and take in scenic mountain views.

MAINTENANCE CORNER

Stay Cool With These Heat Pump A/C Tips!

Our apartments operate with a heat pump air conditioner. Here are a few easy tips to keep your space comfortable and your system running efficiently:

- **Not too cold** - The A/C units within our apartments are not built to go below 68 degrees. Setting the thermostat below 68 will cause the A/C unit to freeze up, which creates maintenance issues & will cause your A/C to not work!
- Set it and forget it - Heat pumps work best with consistent temps. Avoid big changes to the thermostat throughout the day.
- **Air Filter** - We change the air filters in all A/C systems quarterly during Preventative Maintenance inspections.
- **Close the Blinds** - Keep the sun out during peak hours (10am-4pm) to reduce indoor heat buildup.
- Keep doors and windows closed - Your heat pump will thank you (and so will your electric bill).
- **Hear something odd?** - If your unit is making strange noises or not cooling properly, don't wait, submit a maintenance request.

Fire Safety Community Reminders!

Be Responsible When Smoking!

The number one cause of mulch fires are improperly-disposed-of cigarette butts. Mulch fires are preventable! We ask that you please be responsible when smoking by following the guidelines below for properly disposing of smoking material:

- Properly dispose of all smoking materials in appropriate nonflammable receptacles.
- Do not discard cigarettes in mulch or potted plants.
- Do not discard your cigarette next to any buildings, decks, porches, mulch beds, exterior stairways or parking lots (This includes tossing butts over balcony railings).

Thank you for keeping our community beautiful and fire-free!
